

YLOA COMMITTEE STATEMENT OF INTEREST

Committees provide valuable assistance to the board. One of the benefits of a committee is the ability to draw upon the skills and talents of members. Joining a committee fosters community engagement and helps the board accomplish important community tasks. Committees recommend policy for approval by the board. Committees can help members learn about the association and can serve to prepare them to take on HOA board responsibilities in the future.

Committee membership requires the individual to be a member of Yosemite Lakes Owners Association in good standing (assessments/payment plan current).

It is not required for a member to have experience or education in the committee of their interest.
